

West 41st Street Roadwork

January 7, 2021

Beginning on Thursday, January 7th, work will begin to connect the extension of Skyline Drive to W. 41st Street. A temporary Automated Flagger Traffic Signal will be installed along 41st Street to direct traffic through construction. East and west bound traffic will be alternated on a one-lane road through the construction zone. This traffic configuration will last approximately four weeks.

Questions may be directed to the contractor, Smoky Hill Construction, by emailing hayspublic@smokyhillconst.com, accessing the project page on the City of Hays website, or contacting the Office of Project Management at 785 628-7350.

Refer to the project webpage www.haysusa.com/vine for more details.
